

Hanford Mission Integration Solutions

Appendix A - Submittal Register

The Subcontractor shall meet all the required schedule and provide the documents specified in accordance with the following submittals.

Submittal Register Instructions and Definitions

1. SUB. NO.: Numerical submittal sequence number. The XXXXX-XXX shall be updated to the contract-release number upon award.
2. Version (VER.): Part of the submittal number.
3. SOW SECTION NO.: Cross reference to the subcontract requirement that defines this submittal.
Example: 8.2 (see SOW section 8.2 for detailed requirements).
4. DESCRIPTION / DOCUMENT TITLE: Title or general description of the document / deliverable.
5. SUBMITTAL TYPE:
 - AP = Approval Required (Buyer must approve the Subcontractor's submittal, however, work associated with the submittal may proceed prior to Buyer approval).
 - APW = Approval Required Prior to Work (Buyer must approve the Subcontractor's submittal prior to the Subcontractor being authorized to proceed with any activity/work associated with the submittal).
6. FORMAT: Describes the type of submittal required:
 - DWG = An AutoCAD drawing using the Hanford Standard formatting (See HNF-14660, *Offsite Vendor Instructions for Preparation and Control of Engineering Drawings*)
 - MFC = Microsoft Format Compatible application (Word, Excel, Access, PowerPoint).
 - PDF = Adobe Acrobat (Portable Document Format).
 - P3 = A Primavera Project Planner
 - MPP = Microsoft Project
7. Subcontractor DUR.: Actual date or number of working days before or after a milestone that a submittal is due from the Subcontractor.
Example: June 1, 2019 or CD + 32d (32 working days after Conceptual Design is Complete)
 - A = Date of Subcontract Award
 - BO = Date of Subcontract Bid Option Award
 - KO = Subcontract Kick-Off Meeting
 - CD = Conceptual Design Complete
 - DD = Definitive Design Complete
 - 30%, 60%, 90% = 30%, 60% or 90% Design Complete
 - SC = Start of Construction
 - EC = End of Construction
8. BUYER REVIEW DUR.: Number of working days the Buyer has to review the submittal. Example: 4d (4 working days)
9. STATUS CODE: Submittal review status code. For use primarily by Project Document Control.
 - A = Conforms to the subcontract requirements
 - B = Minor comments, approved with exceptions as corrected
 - C = Revise and resubmit
10. REVIEWERS: (To be filled in after subcontract award) List the names of the required approvers after the A- and the names of individuals to be copied for information only after the I -. Example: A - Smith, Jones, Miller; I - Johnson, Ellis
